## Transform Your Airless Sprayer

Texture - Paint - Line Marking

VEZOS RUNNER hydraulic airless sprayers have eliminated all competition in the airless industry, by designing and offering first to the construction market a hydraulic texture & paint sprayer that not only converts in power but also in application. One unit with several potentials!

The R-LinePack is a RUNNER airless accessory transforming the hydraulic texture and paint sprayer into a line striping sprayer within seconds. No need to purchase an additional unit, VEZOS Runner and R-LinePack is a cost efficient solution to contractors that want to give a proper ending to the project they are working on.

After finishing the texture and paint job contractors can now offer their clients a perfect parking lot or road stencil marking without purchasing a separate unit. Simply by transforming their existing Runner Sprayer with an easy to adapt accessory.

The **R-LinePack** clicks onto the Runner Airless Sprayer and locks without any extra tools.

## R-LinePack Applications

- ◇ Parking Lots
- ◇ Local road marking
- ◇ Road stenciling / sign marking
- ◇ School & Athletic fields marking

Choose between any RUNNER airless sprayer editions, convert the sprayer from an electric to gas operated unit, from a direct immerse hydraulic pump to a suction hose material inlet sprayer, from a texture sprayer to a paint sprayer and finally finish of the transformation with the R-LinePack, converting the application and using the same airless sprayer to line stripe parking lots, school playgrounds, malls, local roads, crossings, athletic courts ... etc.

All conversions & transformation take seconds, don't need any tools and most important save time & money !

## R-LinePack Highlights

- ⇒ Professional line striping
- ⇒ 3 in 1 unit, cost efficient
- ⇒ Transform your business
- ⇒ Complete contractor equipment with one unit
- ⇒ Hydraulic power

Steering & spraying control

TCS Cooling System

Hard chromed VEZOS pump

260 bar working pressure

Direct Immerse Pump to Suction hose

Adjustable handle

Convertible Power Kits

Foot break / secure lock

Lock wheel from steering kit

Removable gun for stenciling

**RUNNER Hydraulic Airless**

260 bar working pressure

Nicknamed "Beast" the RUNNER PRO hydraulic texture & paint airless spray has an upright and compact structure, offering an outstanding 260 bar working pressure. Due to the Runner's upright design, storage & mobility on the job site are not an issue. All VEZOS Runner airless sprays, connect to an innovative striping kit, eliminating the cost of an additional unit, for local line striping jobs.

**RUNNER Pump Materials**

- ⇒ All common paints
- ⇒ Texture
- ⇒ Primers
- ⇒ Acrylics
- ⇒ Stucco paste
- ⇒ Line striping paints
- ⇒ Drywall mud
- ⇒ Elastomeric coatings
- ⇒ Epoxy coatings
- ⇒ Latex

**R-LinePack Striping Kit Complete Edition**

Part number	23.7001001
Dimensions	120x50x35 cm
R-LinePack cart	1 piece
Steering - Spray control	1 piece
Paint suction kit	1 piece
Paint hose 1/4"	15 meter
Pointer kit long	1 piece
Gun guard	1 piece
Gun tip	2 pieces
Power convert	Available kit

**R-LinePack Striping Kit Bare Edition**

Part number	23.7002001
Dimensions	120x50x35 cm
R-LinePack cart	1 piece
Steering - Spray control	1 piece
Paint suction kit	Available
Paint hose 1/4"	Available
Pointer kit long	Available
Gun guard	Available
Gun tip	Available
Power convert	Available kit

**RUNNER - Airless Sprayer with Line Striping Kit RPLP**

Part number	23.7003812
Max pressure	260 bar/3770 psi
Max delivery	8.5 l/min
Power	5.5 hp
Motor	HONDA GX200
Pump	Hard Chromed
Hydraulic reservoir	5.0 liter
Max tip size	0.051
Dimensions	73x61x74 cm + 120x50x35 cm
Power convert	Convertible
Paint hose 3/8"	Available
Paint hose 1/4"	15 meter
Airless spray gun	1 piece
Gun guard	1 piece
Gun tip	1 piece
Power convert	Available kit
