

HANDYSAND COMBO Self-gripping drywall sander

Discover VEZOS best selling drywall sanders HANDYSAND COMBO. VEZOS Auto Regulated Suction (A.R.S. Technology), is active on all the Handysand editions, this system, allows the sander to “hang to the ceiling” An automatic valve regulates the necessary suction force need per surface. With this innovative technology the Handysand drywall sanders, grip to the surface and the entire sanding procedure becomes tireless, fast and cost effective.

Transform the length of the drywall sander, depending on the job site. HANDYSAND COMBO sander can be operated as a 97cm compact drywall sander and be adjusted to 7 meter working length sander by simply adding extension. Avoid scaffolding and ladders when sanding high & unreachable surface.

HANDYSAND COMBO drywall sander can be adapted to all branded vacuum collectors due to VEZOS vacuum connectors.

HANDYSAND COMBO is an update of the award winning HANDYSAND AUTO 150 drywall sander by VEZOS.
